MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of January, the Department of Human Services received 4,255 applications for Aid to Families with Dependent Children, a decrease of 294 (6.5 percent) from the number received during December. In comparison with the number of applications received during January of the preceding year, there was an increase of 174 applications (4.3 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 4,078 AFDC applications during January. This number was 63.8 percent of the total applications on hand. It compares with 70.5 percent of the total number on hand for which investigations were completed during the preceding month and 60.2 percent for which investigations were completed during the same month of the preceding year. Two thousand six hundred and nine (64 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during January, in comparison with 3,633 applicants (71.1 percent of those investigated) approved the preceding month and 2,477 applicants (63.7 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 28.2 percent from the number approved in December, but an increase of 5.3 percent over the number approved in January 1984. The rate of approvals for the AFDC Program decreased from the preceding month by 7.1 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 0.3 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during January amounted to $7,241,724. This was a decrease of 0.2 percent from the amount of money payments for December, but an increase of 5.4 percent over the money payments for January of the preceding year. Payments were made for 56,435 families with 104,651 children at an average grant of $128.32 per family and $69.20 per child. The average grant decreased from December by $0.65 per family and $0.36 per child. In comparison with the same month of last year, the average grant showed a decrease of $4.44 per family but an increase of $3.14 per child.

CASES CLOSED

Two thousand one hundred and fifty-nine AFDC cases were closed during January, an increase of 2.9 percent over the December closures. In comparison with the same month of the preceding year, the closures showed an increase of 10.9 percent. Five hundred and ninety-four (27.5 percent) of the AFDC cases closed during January were closed because of a change in economic circumstances, chiefly increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. One thousand five hundred and sixty-five (72.5 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or no longer an eligible child.
